MINUTE

2nd HERAS Workshop HERAS COMMON DELIVERABLES

10.09.2014

INCD GeoEcoMar, Constanta, Romania

The 2nd workshop of the project "Submarine Archaeological Heritage on the Western Black Sea Shelf – HERAS, financed under Romania – Bulgaria Cross Border Cooperation Programme was held on 10th of September 2014 at NIRD GeoEcoMar, Constanta.

Representatives of all five partners of the HERAS project attended the meeting.

In the opening of the meeting, technical coordinator of LP - GeoEcoMar, Jeni Bujini presented the agenda of the day and the stage of implementation for the problem to be discuss: the financial budget for website, the documents needed to be translate, promotional materials, database and other financial themes.

The workshop was dedicated to promotional products because each partner has the obligations to elaborate promotional materials, especially to the HERAS book, who has been decided to be elaborated bilingual: Romania – English and Bulgarian – English. Clear instructions were given for database: how to log in and how to fill in the form.

Dr. Glicherie Caraivan (Project Manager Lead Partner, Constanta) presented the stage of HERAS book by chapters, contribution of each partner. The HERAS book should be dedicated to the general public, not to the specialist, therefore a special attention should be paid to the language used in order to be accessible to the wide public.

Dr. Constantin Chera from Partner 2 MINAC together with Cornel Pop from GeoEcoMar presented the HERAS project database: Common work – Introduction of the UNESCO Annex by each partner.

Lead partner – Project Manager - Dr. Glicherie Caraivan

Partner 2 Dr. Chera Constantin

Partner 3 – IO-BAS – Atanas Palazov

Partner 4 – Kavarna Museum - Todor Todorov

Partner 5 – Respiro – Mircea Popa
